

# Illinois School District 300 - Parking Lot

Illinois School District 300, the 6th largest school district in Illinois, depends on LED Rite for all its lighting upgrades. Below is an example where we provided them with 57 of our 150/240 Watt LED LT Area fixtures to replace their old 400/1,000 Watt Metal Halide fixtures in the parking lot of their administration building. Their upgrade resulted in 82,764 kWh of energy being reduced annually which translates to \$6,946 saved every year.
